

Habits you teach your children from an early age, help to shape how active they are for years to come.

Children aged between 5 and 12 need at least 60 minutes of physical activity every day.

Actively supervise your child if riding or scooting up until they are at least 10 years old.

How to cross the road safely

When the road is clear or all traffic has stopped, walk straight across the road. Keep **LOOKING** and **LISTENING** for traffic while crossing.

Avalon Public School Active Travel Guide

The majority of families live within a reasonable (2km) walking or cycling distance from school. The map over the page provides suggested safe and accessible walking, cycling and bus routes in your local area.
